MATT TRUEMAN'S TOP TIPS WRITING A REVIEW

- 1. Keep your eyes and ears peeled because everything on stage is important.**
- 2. Reviewing is about communicating, so be clear before being clever.**
- 3. Don't worry about the language too much - trust yourself to get the story.**
- 4. Remember that your readers won't have seen the play so make sure you're describing it in detail.**
- 5. Most importantly, above all else be honest and have fun!**
